

Islamic Accounts

Terms and Conditions

Effective: January 2025

Version 2.0

www.xbtfx.com

Fees

Swap-free accounts do not accrue or pay swap or interest on trades. However, XBTFX's Islamic Spread and Standard Account spreads will apply. XBTFX reserves the right, at its discretion, to update fees and spreads associated with swap-free accounts on its website periodically.

Engaging in long-term carry positions for the purpose of avoiding swap fees is not allowed. XBTFX reserves the right, at its sole discretion, to impose storage fees equivalent to historical swap fees on positions that are held open for more than 15 days.

Abuse and Termination

Swap-free accounts are intended to be used in good faith, and clients are prohibited from using these accounts to generate profits from swaps or avoid paying swaps. Clients should also be aware that they are not entitled to request reimbursement for any lost swap amounts resulting from the conversion of their live trading account(s) into one or more swap-free accounts during the period in which their real trading account(s) has/have been converted into swap-free accounts.

XBTFX reserves the right to cancel the swap-free privilege granted to any live account, convert it to ECN or standard, and/or apply historical swap fees as "Fees" to open or closed positions, at any time without being obliged to provide any explanation or justification.

XBTFX reserves the right to revoke the swap-free status of an account without providing any reasoning for doing so. If XBTFX identifies that a swap-free account is being abused, including but not limited to activities such as fraud, manipulation, cash-back arbitrage, carry trades, or other deceitful or fraudulent activities using a swap-free account, immediate action may be taken, including:

- (a) Revoking swap-free privileges from all live trading accounts suspected of exploitation;
- (b) Correcting and recovering accrued swaps, interest expenses, and/or costs related to the client's swap-free trading accounts for the period during which the accounts were in swap-free status;
- (c) Terminating the client agreement;
- (d) Nullifying all trades conducted on the client's trading accounts and cancelling any profits earned or losses incurred on such accounts.
